Objective

I am a Passionate Computer Science student, electronic music producer, and cybersecurity enthusiast with a diverse technology, art, and media skill set. Seeking an internship to apply my technical knowledge, creative problem-solving skills, and multidisciplinary expertise in real-world projects.

Education

Charotar University of Science and Technology (Batch 2027)

Pursuing B.Tech in Computer Science and Technology

Navrachana Vidyani Vidyalaya (Batch 2023)

High School Graduate

Skills

- **Programming & Tech:** Python, JavaScript, Cybersecurity, Open-Source Contributions, GitHub
 - **Music Production:** Electronic, Orchestral, Future Bass, House, Trap, Pop, Mid Tempo
 - **Creative Arts:** Painting (Fauvism style), Photography, Filmmaking
 - **Tools & Platforms:** FL Studio, Ableton Live, Photoshop, DaVinci Resolve, Linux OS, GitHub
 - **Research & Analysis:** Dark Web Research, Quantum Physics, Science & Technology Trends
-

Certifications & Achievements

- Participated in **5 Hackathons/CTFs**.
 - Earned certifications in **Seminars, Webinars, Competitions, etc.**
 - Successfully launched a website showcasing portfolio and technical projects.
-

Projects & Experience

1. Electronic Music Producer

- Released multiple tracks across streaming platforms, accumulating **10,000+** streams.
- Worked on **3 collaborations** with artists worldwide.
- Participated in a **Netflix-hosted short film competition**, composing an original soundtrack.
- Grew social media presence to **1000+** followers with engagement rates of **[X]%**.

2. Cybersecurity & Open-Source Development

- Maintained and contributed to **16 repositories** on GitHub, with **10 stars and forks**.
- Participated in **1 CTF competition**, solving security challenges.
- Conducted ethical cybersecurity research, focusing on dark web intelligence.

3. Film & Photography Enthusiast

- Created and edited **1 short film** with a focus on drama and psychological themes.
- Participated in a **Netflix-hosted competition** for short filmmaking.
- Published **10+ photographs** across social media and creative platforms.

4. Freelance Creative Work & Research

- Completed **10+ commissions** in painting, music production, and content creation.
- Assisted students with homework and research projects on demand.
- Written and published research articles on **scientific controversies, paradoxes, and technology**.
